

Instructors, Members, and Students

The property manager of our complex has asked for our diligence regarding where dogs eliminate, as follows:

The lawn adjacent to the front offices is off limits!

Dogs are only to eliminate in the lawn area with the large fig tree.

The location for elimination is between buildings “C” and “D” as shown below.

Do not allow your dog to relieve itself anywhere else on the property.

Additional Notes

Please clean up after your dog both inside and outside of the training building.

Cleaning supplies are available in the clubhouse including plastic bags, paper towels and cleaners.

There is a bucket located outside the main door reserved especially for your dog's waste.
