17:00 (5:00) PM– Wednesday, May 17th , 2023 at Clubhouse

- I. CALL TO ORDER by Training Chair, David LeCount at: ____1702____
- II. **Call for additions/corrections to agenda**
- III. Session 5 and 6- 2023- See Attached
- IV. Pay for Classes- Students needs to pay for the classes on time., it is due when it is due for each session.
- V. Signing liability release for advanced classes- This was added as a conversation because we have changed how we sign up for classes. Not all students now sign the wavier of liability. More to come.
- VI. Cleaning- Send to Building (karen)- Recent building complaints has come to TC and should be directed to Building. There have been some issues with cleaning, the board is aware of it and working on solutions.
- VII. Door- Has been left unlocked a few recent times, please ensure the top and bottom is locked if you are the last one out.
- VIII. Potential classes- Some great ideas of classes were talked about. Marilane has ideas for new classes, more information to come. Dena also has an idea about teaching dogs before they are of an age to attend class. There was also a discussion about what to do with a proposed class and that process. It has not changed how it works but was a review.
- IX. Class information forms- Getting information into student's hands. Some ideas were presented to the committee for ways to disseminate information about classes. More to come.
- X. Changing class timing- If you want/need to change an already established class time as an instructor, there is a process that needs to be followed including getting ok with all students first and ensuring the room is available. Then notifying the proper positions on the board.
- XI. Setting up and tearing down equipment- Instructors and assistants are supposed to be present 10 minutes before and 10 minutes after class to help with setup/tear down, students in your class, etc. The priority is your "class" you are teaching/helping, however part of that before and after time might entail helping, preparing or moving equipment for the next class.
- XII. Obedience vs Enrichment-Donna passed out work she has done on suggesting a change in classes and what it might entail. This is to read over, ask questions and make a decision next meeting. Information attached.
- XIII. GM1 Curriculum- Part of obedience vs enrichment. While this is ongoing and due for update, the material presented tonight is intertwined with this material.
- XIV. Application for assisting- Have not heard from potential candidate, so removing from application.
- XV. Customer relations, ideas for webinars and materials
