ONLINE CLASS REGISTRATION HAS ARRIVED AT NVDTC

Donna Golemon and Sue Osborn have been working to bring online registration to the club. After reviewing the registration forms and adapting them to an online environment, asking board members and trainers to test the online registration setup and setting up the website to accommodate the change, the launch was made on Friday, May 4th.

Students taking classes now only have to answer questions about themselves and their dogs one time. No more filling out the same form over and over. All their information is now in one place and ready for any class they register for, now and in the future.

Students can pay online for classes. Our online payment system supports Paypal and credit cards through Paypal.

You can also choose to mail in your payment.

To learn about how we are handling discounts, vouchers, class credits, and gift certificates, please visit our registration page by visiting nvdtc.org/registration.html.

If you have questions, please contact Donna or Sue.

Pain Scoring in Dogs

An online article written by Dr. Karen Shaw Becker at healthypets.mercola.com covers how our pets deal with pain and how to apply the scoring of pain much like what is done with people.

Story at-a-glance:

- Scoring pain in veterinary patients is off to a slow start, but there is progress
- It is challenging to assess pain in patients who can't tell us how much they hurt, but fortunately, pain scales are being used by an increasing number of veterinarians
- Signs of pain to watch for at home include trembling, not putting weight on a leg, crouching and excessive panting
- A type of pain in dogs that often goes undiagnosed and untreated is myofascial pain, which is muscle pain resulting from trigger points
- Treatment for your dog's pain will depend on what's causing it; there are a number of integrative therapies that can be beneficial

Cheryl speaks out about Napa County Animal Shelter

As you may know I volunteer at the Napa County Animal Shelter 6-7 days a weeks. Some people refer to it as the Humane Society, but they are two separate entities.

Napa Humane is the clinic where they do spay and neuter. Napa County Animal Shelter is where the animals are until they find a home. In the meantime the volunteers walk, socialize and train the dogs to make them more adoptable. It is very rewarding both for the dogs and the people. We are always falling in love with one another. Then they get adopted and we start all over again with the next one.

If anyone would like to get a tour or just see what it is like to volunteer please get in touch with me. I would love to show you around. No commitment needed. I would just enjoy showing you what I do at the Shelter.

Cherylmarie.meyer@gmail.com

707-253-7040 home. (707)363-9630.

If you would like to make a donation to the Shelter we always need SMALL and EXTRA SMALL dog collars. Also we always need the Jerky Treats that come from Costco. They come in strips that are easy to break up. We use them for training. If a dog can sit on command it is more likely to get adopted. Another reason why we need your talents at the Shelter.

Thank You Kaye Hall!

At our March 12th meeting, Kaye Hall and her dog, Julot, honored us with a presentation on tracking.

Kaye gave a fascinating talk about the nose of a dog. We all learned a lot about how powerful and amazing the canine nose is. Kaye also entertained us with some of her many fascinating stories.

Kaye and her Belgian Sheepdog, Julot, are certified by the California Rescue Dog Association to respond to rescue calls for missing persons statewide; and are also part of the Napa Trailing Dog County Sheriff's Search and Rescue Team.
